Waubra & Evansford - Tues 22 August 2023

[community.acciona.com.au/Nyaninyuk](https://community.acciona.com.au/Nyaninyuk)

## ABOUT ACCIONA ENERGIA

ACCIONA Energía is the world's largest 100% renewable energy company, built on the principle of 'Community First' projects. Our sites deliver clean and sustainable energy generation while creating jobs and positive impacts throughout the local community. With over 20 years of experience in Australia, our 'build, own and operate' model sets us apart as a developer that works closely with landowners, neighbours and the community to deliver integrated solutions to the energy crisis. We have operated the local Waubra Wind Farm since 2009, providing over \$1.3m in benefits to local individuals and organisations.

## NYANINYUK WIND FARM

We are investigating a site for a potential new wind farm between Waubra, Evansford and Clunes. Following community information sessions last year, we'd like to update you on the project, get your feedback and field your questions on the proposal.
